

**PUREBRED DUAL REGISTERED FRENCH BRITTANY
Available for Adoption**

I'm a 2004 Model – Black with frosting. I love people and I love to RUN!! I like birds too, lots of them. I'm at the rescue right now, getting some better manners and recovering from my recent neutering experience – let me tell you, that was NOT fun! My adoption fee is \$320 to cover my surgery and travel expenses from Texas where I was from.

I'm registered AKC & UKC and am looking for a home with lots of fun things to do and places to go.

My registered name is Vulcan, but they changed it to Spock because I wasn't listening to my name anyway, but I am now!

Spock is ready to go. He has had his health check, shots and is neutered. He is a fine young dog that is a lot of fun to have around. We have been working on obedience training with him and he is responding wonderfully. He is off leash all the time and comes immediately when called and will heel off leash as well. He gets a little over-excited about his food, but we are working on that with him. This is a nice dog for a family or older guy or gal that likes to hunt. We were told he does great hunting, but unfortunately its too cold right now to find out. There is a lot of potential with him because he likes to please you. He is a little underweight right now, but gaining fast. Please email me if you are interested in him. Thanks Cindy Chase, Rescue Coordinator
